WASHINGTON!

The National Capital Sends Up an Interesting Budget of News—The Cherokee Strip.

WASHINGTON, July 16.—Attorney General Miller had a conference with Secretary Noble to-day, on the matter of leases in the Cherokee strip. It was stated in the press dispatches recently that a private corporation had made an offer to lease a portion of the strip. At the conclusion of the conference Secretary Noble refused to make any statement concerning the attitude of the department, further than to say that private corporations would not be permitted to interfere with the rights of the government.

Ex-Senator Dwight M. Sabin, who has been in New York and Boston attending to personal business, arrived in Washington yesterday. He left this morning for his home at Stillwater, Minn., with his two adopted daughters—two little Chambers girls who have been at school here. They will remain at Senator Sabin's home until the fall, when he will probably place them in some eastern school.

Senator Sabin has arranged for the removal of Mrs. Sabin from the asylum at Flushing, L. I., where she is now confined. She will be taken to the mountains of northern Maine, where she will remain with some family friends for some time.

In view of the narrow margain by which the republicans hold the coming congress, the contests in the territories have an added interest. The same is true of the election of a successor to the late Congressman Gay, of the third Louisiana district. As the republicans made no determined fight, Mr. Gay had a walk over last fall and a large majority.

AFRAID OF BANKS,

And He Lost His Money and His Life.

CARO, Mich., July 16.—Richard Chapman, a popular farmer, 30 years old, was divorced from his wife last spring, since which time he has lived in a shanty on his farm, refusing to occupy his house. He was known to carry large sums of money with him at all times, having a fear of banks.

About 7 o'clock yesterday morning Chapman's shanty was found to be on fire. When the neighbors reached the place they were just able to drag the man's remains from the flames, the head, legs and arms having been burned off. The coroner is investigating, as there is a strong suspicion that Chapman was murdered and robbed, and then burned to hide all evidence of the crime.

THE HIGHBINDERS.

They are Expected to Murder a Chinaman a Day.

SAN FRANCISCO, July 16.—The highbinders in Chinatown are on the rampage and the authorities expect to find a Cooley murdered every morning. Since Saturday two have fallen a prey to the highbinders' vengeance. Ti Lung, a sewing machine operator, was fatally shot in the back yesterday morning by Ah Yuen.

The assassin has been identified, but as his victim is in no way connected with the rival societies engaged in the feud, it is believed Ah Yum mistook Yi Lung for somebody else. The warring societies are composed of highbinders, and the members of each assert that they will annihilate the others. The police say a deadly feud is on and look for a chapter of murders.

T. V. POWDERLY,

The General Master Workman Too Busy to Talk to Reporters.

CHICAGO, July 16.—General Master Workman T. V. Powderly arrived in the city this morning early, and in company with John Devlin, of Detroit, A. W. Peght, of Toronto, and I. B. Wood, of St. Louis, registered at the Sherman house. The party engaged parlor "N," and immediately after talking to the representative of the labor paper, the master workman sent word to the representatives of the daily papers, who were waiting to see him, that he was "very busy, and regretted to say that he could not spare a moment.

Last night, while cleaning out a sandbasin near the Simpson M. E. church, on Dawson street, the workmen found therein a United States mail bag. The pit had not been cleaned for nearly a year and the bag had the appearance of having lain for a long time. It had been cut down the center, and the contents rifled. It was turned over to the postmaster this morning. This find recalls the finding of a mail sack in a cistern on the premises of the Church of God and is without doubt the same robbery.

A CHINESE HORROR!

Six Thousand Lives Lost in a Flood and Ten Thousand People Rendered Homeless.

SAN FRANCISCO, July 16.—The steamship City of New York, arriving last night from China, brings information of a flood in the northwest Kwantung, in which 6,000 lives were lost and 10,000 people rendered homeless. TUSCOLA, Ill., July 16.—Misses Minnie Baldwin, Bertha Baldwin, Fannie Birdsall and Nettie Davis, members of the famous "Pentecost Band," that has created such a stir in this section, were in court here yesterday, charged with holding boisterous and disorderly meetings. Over seventy-five witnesses were examined and the trial brought out the largest crowd ever assembled in the court room in this city.

Attorney McPherson succeeded in convicting the sisters, and each was fined. They had no money and refused to allow their followers to pay their fines, declaring that they longed to see the inside of the city bastile. Their object in taking this punishment in persecution as they term it, is to work up sympathy.

A GAMBLING DEN.

Three Prisoners Before the Mayor To-day for Gambling.

Last night Officer John O'Connell arrested Lewis Hood, Christ Hermsdoerfer and Wm. Coode for gambling. The prisoners were taken to the police station in the patrol wagon and remained in cells until Mayor Harding called police court this morning.

The party was caught in the rooms over Freistoffer's blacksmith shop, which have been notorious of late, and although some of them were undressed when arrested, Officer O'Connell says it is an old dodge. It was proved that the fellows were gambling, for which each one was fined $5 and costs, amounting to $14.50.

The rooms are conducted by Hermsdoerfer and one other.

TUESDAY, JULY 16, 1889.

SECRETARY BLAINE authorizes the statement that he is not going to resign his position in the cabinet.

TRAMPS are getting so numerous in some localities in Michigan that some of the towns have resorted to the ball and chain method of making it interesting for them.

IT is stated that the product of a single pair of English sparrows for ten years will be 275,616,938,698 birds. It is little wonder that there is a general belief that the "English sparrow must go."

IT is said that General Rosecran's resignation as register of the treasury will be accepted very soon, and the colored ex-senator, B. K. Bruce, of Mississippi, appointed in his place. Bruce was register before.

THE hot weather has made the death-rate for the last week in New York the heaviest of the year, aggregating 1,187, against 956 for the previous week. Almost the entire increase was in children under five years.

CONTRIBUTIONS to the Pennsylvania flood sufferers are continuing to flow into the hands of the governor. Saturday he received $11,000, of which $8,000 came from Germany. The entire relief fund aggregates about $3,500,000.

EX-CONGRESSMAN HORR, of Michigan, declines the consulship to Valparaiso, and uses this vigorous and expressive language: "After all the work I have done for the party and the sacrifices I have made, if I can't be table-cloth, I won't be dishrag."

THE *Standard's* Rome correspondent says: "The Italian cardinals oppose the suggestion of several foreign cardinals that the election of an American cardinal as pope would tend to solve the Roman question. The people have asked three cardinals whether it is advisable that the conclave to elect his successer be held at Rome or elsewhere."

A MISSOURI farmer recently brought an extraordinary bunch of wheat into Kansas City. It was composed of thirty-two heads, and weighed fifteen pounds, or a little less than one-half pound to the head. The straw was 5 feet and 2 inches in length, and very heavy. One of the heads was shelled out and the naked grains just filled a half-pint cup.

ALEXANDER III., of Russia, has just rendered himself guilty of one of the most astonishing pieces of despotism of the century. He has issued an imperial ukase abolishing the Lutheran church throughout the length and breadth of the Muscovite empire. As there are no less than 3,000,000 members of that particular creed resident in the frontier provinces of Russia, the czar's order can hardly be called judicious.

MAYOR GRANT has ascertained that the city owns 781 more or less noble steeds. There are 352 used by the fire department, 136 by the police, and 109 by the street cleaning department. These animals cost $230,085.19, the police horses costing $250 and the fire department $350 each. It costs twenty eight cents a day to keep a fire department horse and about seventy-eight cents for those used by the street cleaning department.

THE strike at the Homestead steel plant of Carnegie, Phepps & Co., in Pennsylvania, has been settled by the workmen agreeing to a 20 per cent. reduction in wages, instead of 35 per cent. as proposed by the firm. The scale will be in force for three years. Carnegie, when he wanted Harrison elected president, said his election would mean an increase of the wages of the workingmen. Such are the beauties of republican protection to the laboring men.

THERE is unquestionably a very decided difference of opinion between the secretary of the interior and the commissioner of pensions as to the policy which Mr. Tanner has adopted in the payment of pensions. A gentleman very prominent in public life, who has taken pains to ascertain what the actual facts are, says: "It is a fact that the policy which Commissioner Tanner has adopted is giving the president, secretary of the interior, and Assistant Secretary Bussey much concern.

GEORGE ALFRED TOWNSEND has discovered at Nantes, France, a genuine American negro, named Sam Anderson, who is the chief of a wine-shop and a cafe-chantant. Sam is a native of South Carolina. He went to Europe with Jarrett & Palmer's "Uncle Tom" combination, and while in France married a French widow, the proprietor of a drinking-shop in Rennes, and afterward removed to Nantes. Sam is disgusted with the Gallic nation and is anxious to get back to New York, despite the lack of prejudice there which recognizes his right to marry a white woman.

Prepared by a combination, proportion and process peculiar to itself, Hood's Sarsaparilla accomplishes cures hitherto unknown.

A SPECIAL SESSION.

The Council Meets and Receives the Assessor's Report—Other Business Transactions.

The common council of the City of Fort Wayne met in the council chambers Monday, July 15, A. D. 1889, at 10 o'clock a. m., pursuant to a recess taken. His honor Mayor Harding in the chair and present the following members, viz:
Ayes, 16, viz: Councilmen Bandt, Bruns, Cran, Ely, Gordon, Haiber, Hazzard, Hilbrecht, Huser, Hilgemann, Meyer, Ofenloch, Read, Scheid, Schmueckle and Vordermark.
Absent, 4, viz: Councilmen Cody, Gruber, Kensil and Smith.

Councilman Bruns moved to reconsider his vote of July 9, on a minority report of the committee on streets in regard to paving West Wayne street with Asphalt, which motion was lost.

RESOLUTION.

Resolved, That the chairman of each committee of the common council be, and is hereby requested to file with the city clerk by Wednesday morning an estimate of the probable expense of each department of the city government. Also to accompany said estimate with a statement of the expense of each department for the last year. In making said estimates the chairmen are requested to ask no more than is sufficient to run each department fully and properly, economically administered.
GEO. W. ELY.

Adopted.

REPORT OF CITY CLERK.

I respectfully report that the assessor, Charles Reese, has this 15th day of July, 1889, delivered to me the assessment of all property liable for taxation in the city of Fort Wayne, for the year 1889, together with his affidavits as required by law.
I have also received from him all the statements of property which he has received from persons required to list the same, and herewith submit the same to your honorable body.
W. W. ROCKHILL, City Clerk.

Received and filed.

REPORT OF CITY ASSESSOR.

I herewith submit an abstract of the assessment of real estate and personal property for the year 1889, together with a comparison with the previous year, 1889:

1889.....		
1888.....		
Increase...	$8,672,490	Value of Lots and Lands
Decrease...	6,813,500	
	1,858,990	
1889.....		
1888.....	$5,900,020	Value of Improvements
Increase...	5,833,320	
	66,700	
1889.....		
1888.....	$4,002,230	Value of Person'l Prop'rty
Decrease...	4,003,305	
	50,445	
1889.....		
1888.....	18,575,380	Total Value of Taxables
Increase...	16,705,005	
	1,870,375	
1889.....		
1888.....	5,880	No. of Polls
Increase...	5,619	
	261	
1889.....		
1888.....	1,030	No. of Dogs
Increase...	968	
	62	
1889.....		
1888.....	42	No. of Bitches
Decrease...	72	
	30	

There is a decrease in personal property for the reason that I assessed bank stock this year at the valuation given by the cashiers of Banks, whereas last year I increased the Hamilton $70,000 and the First $15,000; total, $85,000. So there would really be a gain of $29,555 if the bank stock was assessed the same as last year.
CHARLES REESE,
City Assessor.

Received and filed.

Resolved: That the city assessor's books of assessment and statement of property, showing the assessment for the year 1889, be accepted by this common council.
GEO. W. ELY.

Resolved, That the common council, together with the city clerk and assessor, now assembled as the board of equalization for the city of Fort Wayne, refer to a committee of twelve, consisting of ten councilmen, the city clerk and assessor, a majority of whom shall be a quorum, the assessment list and all complaints in regard to any assessment, and it shall be the duty of said committee to report their action to the common council according to law. GEO. W. ELY.
Which resolution was on motion adopted by the following vote:
Ayes, 16, viz: Councilmen Bandt, Bruns, Cran, Ely, Gordon, Haiber, Hazzard, Hilbrecht, Huser, Hilgeman, Meyer, Ofenloch, Read, Scheid, Schmueckle and Vordermark. Nays, none.

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

SURE TO BE A SUCCESS.

Adjutant General Ruckle's Arrangements for the Encampment—The Companies to Leave Monday.

Adjutant General Ruckle, with an additional force of clerks, is rapidly completing the arrangements for the state military encampment, which begins at Indianapolis on the 22d instant. If the encampment isn't the most successful one ever held in the state, it surely will not be his fault, for every detail of the affair is being looked after with the greatest care. Just now Colonel Ruckle is laboring to have all the railroads consent to a one cent fare for the round trip. The majority of roads have already agreed to give the rate, and Mr. Ruckle thinks he will be able to secure the consent of those still holding out in a day or two. As soon as the rate is definitely fixed a circular will be issued announcing the fact, and an order promulgated directing the companies to leave for Indianapolis on the morning of Monday, the 22d, at which time the Rifles and Zollinger battery will leave over the Wabash. By an agreement with the railroads, the "troops" will be transferred to the camping grounds at North Indianapolis, by way of the Belt and Big Four railroads. It is reported that all the companies in the state will be in camp by Monday evening.

Colonel Ruckle expects that 2,000 militiamen will attend the encampment. Up to this time forty-three companies have given notice that they will be there.

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Disease* are caused by impure blood, which is not true. They have their cause in a want of vital action in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.
TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

A BAD WRECK

Occurs on the Pittsburg Road Near Valparaiso—News and Gossip of the Day.

A serious collision occurred on the Fort Wayne railroad near Valparaiso yesterday morning. The Valparaiso accommodation backed out to Winslow, a milk station outside the city limits. On emerging from a deep cut the engineer saw a heavy freight approaching rapidly from the east, and before the engine could be reversed, the freight and passenger came together with a crash. The crews barely escaped by jumping. Both engines and tenders were badly demolished and one passenger coach went tumbling down a steep embankment. No lives were lost.

THE NEWS OF DAY.

No. 8 on the Pittsburg, was crowded last night with through passengers.

Hiram Philley, fuel clerk of the Pennsylvania company, is building a residence in Williams addition.

General Freight Agent McKay, of the Lake Shore road, has returned from Europe much improved in health.

The Pennsylvania base ball boys are rejoicing over their defeat of the B. and O. club last Saturday by a score of 13 to 3.

James Hanley, clerk at the Pennsylvania store keeper's rooms, will observe the twentieth anniversary of his birth to-morrow.

Electrician Killen, of the Pittsburg works, initiated our reporter into the mysteries of the electric light system this morning.

Indications are that the mileage of new road this year will reach at least 4,000 miles. Indiana will contribute about 200 of it.

Chas. E. Taylor, machinist at the Bass works, has returned from Rome City, where he has been camping with his family for a few weeks.

Frank J. McAssay has taken the position of stenographer in Superintendent Law's office made vacant by the promotion of Robert Learmouth.

James Quinn and A. Haverly, with their helpers, of the Pittsburg blacksmith shops, are off duty on account of the furnaces being shut down to day.

Robert Learmouth, the new chief clerk in Superintendent Law's office, is rapidly familiarizing himself with his new duties, and is proving popular in the position.

John Deegan, a blacksmith at the Pittsburg shops, who has wonderful powers as a slight-of-hand performer, frightened Joe Harber pretty near out of his boots yesterday by pretending to swallow a silver dime.

Judge Cooley, president of the interstate commerce commission, and United States Attorney Baxter held a conference yesterday in St. Paul, and agreed to move for the indictment of the "Soo" railroad officials for the alleged discrimination in rates.

The Italians who are working on the natural gas trenches live in the old box factory in the eastern part of the city and board themselves. Great crowds of people visit that vicinity in the evening to see their mode of living, which is conducted on the cheap plan.

The Baltimore and Ohio company, which appropriates money annually to the support of the employes' library, will hereafter assess each employe twenty-five cents per annum to support the institution, and all the money that the company contributes will be used in purchasing new books.

It is feared that the Niagara Falls excursions will demoralize rates this year to a greater extent than in any former year. It is alleged that two of the roads which propose to run them are giving twenty to thirty days for persons to return, the tickets to be good on any regular trains for returning.

Ed. Phillips, who is charged with being the father of the twins of the Chicago street colored girl—a sensation written up Saturday by THE SENTINEL'S railroad reporter—was formerly a machinist at the Bass works. The boys say, however, that he has not been employed there for several years.

A car load of Pinkerton men passed through the city yesterday on the Pittsburg road bound for their homes at Chicago. They were returning from the scene of the Homestead steel works strike in Pennsylvania, where they had been on guard duty. Those who saw them said they were a pretty rough looking set of detectives.

The south bound limited express on the Pennsylvania road ran into a shifting engine at Perryville, Md., last Saturday. Both engines were badly smashed and the trucks of one of the parlor cars were knocked out, the passengers being severely jostled about. The engineers and firemen jumped just before the crash, escaping injury. Travel was delayed about four hours.

A party of nearly three hundred American engineers, en route to the Paris exposition, were royally entertained by their professional brethren of London. The London *Times* paid them a high compliment, and speaking of the modern achievement of engineering skill said: "If England has set the example, America has bettered it. The first victories of modern engineering were for the most part won in the United Kingdom; the application of their results to the multifarious wants and occasions of modern life has been largely due to the ingenuity and enterprise of the United States."

The Pennsylvania company yesterday fixed the rate on corn 20 cents instead of 25, but all lines that expect to keep within the fold of the traffic association must boost wheat back to 25 cents from Chicago to New York. It is expected that the Baltimore & Ohio, which led the cut, will fall into line. "The reason that this distinction is made in favor of corn," said a Pennsylvania freight man, "is that the Baltimore & Ohio gave its customers the tip, and then went out into the corn country and contracted for a large amount of the cereal at 20 cents—stole the business, not to put too fine a point on it. Until they fill that contract the other roads will meet them."

A Good Appetite.

Is essential to good health; but a this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

MRS. THIERS, St. Mary's St., Indianapolis, Ind., says: My little boy was badly afflicted with Salt Rheum, his face badly broken out and a large sore on his head. Your Extract of Red Clover cured him in about three weeks.

The successful physician is the one who knows how to get at the inside facts.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

WASHINGTON!

The National Capital Sends Up an Interesting Budget of News—The Cherokee Strip.

WASHINGTON, July 16.—Attorney General Miller had a conference with Secretary Noble to-day, on the matter of leases in the Cherokee strip. It was stated in the press dispatches recently that a private corporation had made an offer to lease a portion of the strip. At the conclusion of the conference Secretary Noble refused to make any statement concerning the attitude of the department, further than to say that private corporations would not be permitted to interfere with the rights of the government.

Ex-Senator Dwight M. Sabin, who has been in New York and Boston attending to personal business, arrived in Washington yesterday. He left this morning for his home at Stillwater, Minn., with his two adopted daughters—two little Chambers girls who have been at school here. They will remain at Senator Sabin's home until the fall, when he will probably place them in some eastern school.

Senator Sabin has arranged for the removal of Mrs. Sabin from the asylum at Flushing, L. I., where she is now confined. She will be taken to the mountains of northern Maine, where she will remain with some family friends for some time.

In view of the narrow margain by which the republicans hold the coming congress, the contests in the territories have an added interest. The same is true of the election of a successor to the late Congressman Gay, of the third Louisiana district. As the republicans made no determined fight, Mr. Gay had a walk over last fall and a large majority.

Afraid of Banks.

And He Lost His Money and His Life.

CARO, Mich., July 16.—Richard Chapman, a popular farmer, 30 years old, was divorced from his wife last spring, since which time he has lived in a shanty on his farm, refusing to occupy his house. He was known to carry large sums of money with him at all times, having a fear of banks.

About 7 o'clock yesterday morning Chapman's shanty was found to be on fire. When the neighbors reached the place they were just able to drag the man's remains from the flames, the head, legs and arms having been burned off. The coroner is investigating, as there is a strong suspicion that Chapman was murdered and robbed, and then burned to hide all evidence of the crime.

The Highbinders.

They are Expected to Murder a Chinaman a Day.

SAN FRANCISCO, July 16.—The highbinders in Chinatown are on the rampage and the authorities expect to find a Cooley murdered every morning. Since Saturday two have fallen a prey to the highbinders' vengeance. Ti Lung, a sewing machine operator, was fatally shot in the back yesterday morning by Ah Yuen.

The assassin has been identified, but as his victim is in no way connected with the rival societies engaged in the feud, it is believed Ah Yum mistook Yi Lung for somebody else. The warring societies are composed of highbinders, and the members of each assert that they will annihilate the others. The police say a deadly feud is on and look for a chapter of murders.

T. V. Powderly.

The General Master Workman Too Busy to Talk to Reporters.

CHICAGO, July 16.—General Master Workman T. V. Powderly arrived in the city this morning early, and in company with John Devlin, of Detroit, A. W. Peght, of Toronto, and I. B. Wood, of St. Louis, registered at the Sherman house. The party engaged parlor "N," and immediately after talking to the representative of the labor paper, the master workman sent word to the representatives of the daily papers, who were waiting to see him, that he was "very busy, and regretted to say that he could not spare a moment."

Saloon Violators.

Affidavits Filed Against Harry Hammill and George Brown.

A second affidavit was filed against Harry Hammill yesterday for violating the law by keeping open doors after 11 o'clock.

Another affidavit was filed to-day by Officer O'Connell against George Brown on a similar charge.

The contract for laying the natural gas pipes at Bluffton is being let this afternoon. Competition is great and the Bluffton people expect low figures.

The Bluffton Gas company struck gas in one of their wells last night. It is a "gusher." Other wells, now nearing completion, promise to yield equally as well.

Civil Engineer Brackenridge and Deputy McKendry gave grades to-day for the block pavement in the alley between Wayne and Washinton streets from Calhoun to Clinton.

Mrs. Dr. J. W. Younge will leave for Lake City, Minn., to-morrow, where she will remain for the rest of the summer. Her health is very poor and it is hoped the climate there will improve it, as the air of Minnesota is beneficial in lung disease, with which she is suffering.

Last night, while cleaning out a sandbasin near the Simpson M. E. church, on Dawson street, the workmen found therein a United States mail bag. The pit had not been cleaned for nearly a year and the bag had the appearance of having lain for a long time. It had been cut down the center, and the contents rifled. It was turned over to the postmaster this morning. This find recalls the finding of a mail sack in a cistern on the premises of the Church of God and is without doubt the same robbery.

A CHINESE HORROR!

Six Thousand Lives Lost in a Flood and Ten Thousand People Rendered Homeless.

SAN FRANCISCO, July 16.—The steamship City of New York, arriving last night from China, brings information of a flood in the northwest Kwantung, in which 6,000 lives were lost and 10,000 people rendered homeless. The bank will not speculate. It will sell sugar on commission and make loans to sugar manufacturers. The profits will be divided and market rows will be circulated among the members of the syndicate. The capital stock will shortly be issued concurrently in all the European centers.

The Pentecost Band

Convicted of Holding Boisterous Meetings and Sent to Prison—Telegrams From all Points.

TUSCOLA, Ill., July 16.—Misses Minnie Baldwin, Bertha Baldwin, Fannie Birdsall and Nettie Davis, members of the famous "Pentecost Band," that has created such a stir in this section, were in court here yesterday, charged with holding boisterous and disorderly meetings. Over seventy-five witnesses were examined and the trial brought out the largest crowd ever assembled in the court room in this city.

Attorney McPherson succeeded in convicting the sisters, and each was fined. They had no money and refused to allow their followers to pay their fines, declaring that they longed to see the inside of the city bastile. Their object in taking this punishment in persecution as they term it, is to work up sympathy.

A Gambling Den.

Three Prisoners Before the Mayor To-day for Gambling.

Last night Officer John O'Connell arrested Lewis Hood, Christ Hornsdoerfer and Wm. Coode for gambling. The prisoners were taken to the police station in the patrol wagon and remained in cells until Mayor Harding called police court this morning.

The party was caught in the rooms over Freistuffer's blacksmith shop, which have been notorious of late, and although some of them were undressed when arrested, Officer O'Connell says it is an old dodge. It was proved that the fellows were gambling, for which each one was fined $5 and costs, amounting to $14.50.

The rooms are conducted by Hornsdoerfer and one other.

TUESDAY, JULY 16, 1889.

SECRETARY BLAINE authorizes the statement that he is not going to resign his position in the cabinet.

TRAMPS are getting so numerous in some localities in Michigan that some of the towns have resorted to the ball and chain method of making it interesting for them.

IT is stated that the product of a single pair of English sparrows for ten years will be 275,610,638,098 birds. It is little wonder that there is a general belief that the "English sparrow must go."

IT is said that General Roseran's resignation as register of the treasury will be accepted very soon, and the colored ex-senator, B. K. Bruce, of Mississippi, appointed in his place. Bruce was register before.

THE hot weather has made the death-rate for the last week in New York the heaviest of the year, aggregating 1,187, against 956 for the previous week. Almost the entire increase was in children under five years.

CONTRIBUTIONS to the Pennsylvania flood sufferers are continuing to flow into the hands of the governor. Saturday he received $11,000, of which $8,000 came from Germany. The entire relief fund aggregates about $3,500,000.

EX-CONGRESSMAN HOUK, of Michigan, declines the consulship to Valparaiso, and uses this vigorous and expressive language: "After all the work I have done for the party and the sacrifices I have made, if I can't be table-cloth, I won't be dishrag."

THE *Standard's* Rome correspondent says: "The Italian cardinals oppose the suggestion of several foreign cardinals that the election of an American cardinal as pope would tend to solve the Roman question. The people have asked three cardinals whether it is advisable that the conclave to elect his successor be held at Rome or elsewhere."

A MISSOURI farmer recently brought an extraordinary bunch of wheat into Kansas City. It was composed of thirty-two heads, and weighed fifteen pounds, or a little less than one-half pound to the head. The straw was 5 feet and 2 inches in length, and very heavy. One of the heads was shelled out and the naked grains just filled a half-pint cup.

ALEXANDER III., of Russia, has just rendered himself guilty of one of the most astonishing pieces of despotism of the century. He has issued an imperial ukase abolishing the Lutheran church throughout the length and breadth of the Muscovite empire. As there are no less than 3,000,000 members of that particular creed resident in the frontier provinces of Russia, the czar's order can hardly be called judicious.

MAYOR GRANT has ascertained that the city owns 781 more or less noble steeds. There are 362 used by the fire department, 196 by the police, and 109 by the street cleaning department. These animals cost $230,085.19, the police horses costing $250 and the fire department $350 each. It costs twenty eight cents a day to keep a fire department horse and about seventy-eight cents for those used by the street cleaning department.

THE strike at the Homestead steel plant of Carnegie, Phipps & Co., in Pennsylvania, has been settled by the workmen agreeing to a 20 per cent. reduction in wages, instead of 35 per cent. as proposed by the firm. The scale will be in force for three years. Carnegie, when he wanted Harrison elected president, said his election would mean an increase of the wages of the workingmen. Such are the beauties of republican protection to the laboring men.

THERE is unquestionably a very decided difference of opinion between the secretary of the interior and the commissioner of pensions as to the policy which Mr. Tanner has adopted in the payment of pensions. A gentleman very prominent in public life, who has taken pains to ascertain what the actual facts are, says: "It is a fact that the policy which Commissioner Tanner has adopted is giving the president, secretary of the interior, and Assistant Secretary Bussey much concern.

GEORGE ALFRED TOWNSEND has discovered at Nantes, France, a genuine American negro, named Sam Anderson, who is the chief of a wine-shop and a cafe-chantant. Sam is a native of South Carolina. He went to Europe with Jarrett & Palmer's "Uncle Tom" combination, and while in France married a French widow, the proprietor of a drinking-shop in Rennes, and afterward removed to Nantes. Sam is disgusted with the Gallic nation and is anxious to get back to New York, despite the lack of prejudices there which recognizes his right to marry a white woman.

Prepared by a combination, proportion and process peculiar to itself, Hood's Sarsaparilla accomplishes cures hitherto unknown.

A SPECIAL SESSION.

The Council Meets and Receives the Assessor's Report—Other Business Transactions.

The common council of the City of Fort Wayne met in the council chamber Monday, July 15, A. D. 1889, at 10 o'clock a. m., pursuant to a recess taken. His honor Mayor Harding in the chair and present the following members, viz:

Ayes, 16, viz: Councilmen Bandt, Bruns, Crim, Ely, Gordon, Hather, Hazzard, Hillbrecht, Huser, Hilgeman, Meyer, Olenkoch, Read, Scheid, Schmuckle and Vordermark.

Absent, 4, viz: Councilmen Cody, Gruber, Kendall and Smith.

Councilman Bruns moved to reconsider his vote of July 9, on a minority report of the committee on streets in regard to paving West Wayne street with Asphalt, which motion was lost.

PETITIONS.

RESOLUTION.

Resolved, That the chairman of each committee of the common council be, and is hereby requested to file with the city clerk by Wednesday morning an estimate of the probable expense of such department of the city government. Also to accompany said estimate with a statement of the expense of each department for the last year. In making said estimates the chairmen are requested to ask no more than is sufficient to run such department fully and properly, economically administered.

GEO. W. ELY.

Adopted.

REPORT OF CITY CLERK.

I respectfully report that the assessor, Charles Reese, has this 15th day of July, 1889, delivered to me the assessment of all property liable for taxation in the city of Fort Wayne, for the year 1889, together with his affidavits as required by law.

I have also received from him all the statements of property which he has received from persons required to list the same, and herewith submit the same to your honorable body.

W. W. RUCKELL, City Clerk.

Received and filed.

REPORT OF CITY ASSESSOR.

I herewith submit an abstract of the assessment of real estate and personal property for the year 1889, together with a comparison with the previous year, 1888:

	1888.	1889.	Increase.	Decrease.
Value of Lots and Lands	$6,145,870	$6,145,870		
Value of Improvements	3,427,100	3,427,100		
Value of Person'l Property	2,145,030	1,938,030		$207,000
Total Value of Taxables	$11,718,000	$11,511,000		$207,000
No. of Polls	5,100	5,100		
No. of Dogs	1,000	1,000		
No. of Bitches	1,000	1,000		

There is a decrease in personal property for the reason that I assessed bank stock this year at the valuation given by the cashier of banks, whereas last year I increased the Hamilton $30,000 and the First $15,000; total, $45,000. So there would really be a gain of $162,352 if the bank stock was assessed the same as last year.

CHARLES REESE,
City Assessor.

Received and filed.

Resolved: That the city assessor's books of assessment and statement of property, showing the assessment for the year 1889, be accepted by this common council.

GEO. W. ELY.

Adopted.

Resolved, That the common council, together with the city clerk and assessor, now assemblies as the board of equalization for the city of Fort Wayne, refer to a committee of twelve, consisting of the councilmen of the city clerk and assessor, a majority of whom shall be a quorum, the assessment list, and all complaints in regard to any assessment, and it shall be the duty of said committee to report their action to the common council according to law. GEO. W. ELY.

Which resolution was on motion adopted by the following vote:

Ayes, 16, viz: Councilmen Bandt, Bruns, Crim, Ely, Gordon, Hather, Hazzard, Hillbrecht, Huser, Hilgeman, Meyer, Olenkoch, Read, Scheid, Schmuckle and Vordermark. Nays, none.

Following is a list of persons claiming deduction on their bank stock, and the amount claimed:

James M. Barrett	$ 3,000

Wm. Fleming	87,000

Merja Hazgland	9,000
A. E. Hoffman	3,000
Martha Irwin	2,000
S. C. Lumbard	2,650
Chas. McCulloch	15,600

C. P. Morgan	70,000
N. P. Stockbridge	2,300
E. P. Williams	1,900
Henry M. Williams	12,000
Geo. H. Wilson	2,800

CHAS. REESE,
City Assessor.

Referred to the board of equalization.

The mayor appointed the following committee to sit as board of equalization, together with the city clerk and assessor:

Councilmen Bandt, Cody, Ely, Hazzard, Hillbrecht, Meyer, Olenkoch, Read, Scheid and Vordermark.

On motion a recess was taken till Monday, July 22, 1889, at 7:30 p. m.

From that point, on and after Sunday, May 19, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

Adjutant General Ruckle's Arrangements for the Encampment—The Companies to Leave Monday.

Adjutant General Ruckle, with an additional force of clerks, is rapidly completing the arrangements for the state military encampment, which begins at Indianapolis on the 22d instant. If the encampment isn't the most successful one ever held in the state, it surely will not be his fault, for every detail of the affair is being looked after with the greatest care. Just now Colonel Ruckle is laboring to have all the railroads consent to a one-cent fare for the round trip. The majority of roads have already agreed to give the rate, and Mr. Ruckle thinks he will be able to secure the consent of those still holding out in a day or two. As soon as the rate is definitely fixed a circular will be issued announcing the fact, and an order promulgated directing the companies to leave for Indianapolis on the morning of Monday, the 22d, at which time the Rifles and Zollinger battery will leave over the Wabash. By an agreement with the railroads, the "troops" will be transferred to the camping grounds at North Indianapolis, by way of the Belt and Big Four railroads. It is reported that all the companies in the state will be in camp by Monday evening.

Colonel Ruckle expects that 2,000 militiamen will attend the encampment. Up to this time forty-three companies have given notice that they will be there.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

A BAD WRECK

Occurs on the Pittsburg Road Near Valparaiso—News and Gossip of the Day.

A serious collision occurred on the Fort Wayne railroad near Valparaiso yesterday morning. The Valparaiso accommodation backed out to Winslow, a milk station outside the city limits. On emerging from a deep cut the engineer saw a heavy freight approaching rapidly from the east, and before the engine could be reversed, the freight and passenger came together with a crash. The crews barely escaped by jumping. Both engines and tenders were badly demolished and one passenger coach went tumbling down a steep embankment. No lives were lost.

THE NEWS OF DAY.

No. 8 on the Pittsburg, was crowded last night with through passengers.

Hiram Philley, fuel clerk of the Pennsylvania company, is building a residence in Williams addition.

General Freight Agent McKay, of the Lake Shore road, has returned from Europe much improved in health.

The Pennsylvania base ball boys are rejoicing over their defeat of the B. and O. club last Saturday by a score of 18 to 3.

James Hanley, clerk at the Pennsylvania store keeper's rooms, will observe the twentieth anniversary of his birth to-morrow.

Electrician Killen, of the Pittsburg works, initiated our reporter into the mysteries of the electric light system this morning.

Indications are that the mileage of new road this year will reach at least 4,000 miles. Indiana will contribute about 200 of it.

Chas. E. Taylor, machinist at the Bass works, has returned from Rome City, where he has been camping with his family for a few weeks.

Frank J. McAssey has taken the position of stenographer in Superintendent Law's office made vacant by the promotion of Robert Learmouth.

Messrs James Quinn and A. Havorly, with their helpers, of the Pittsburg blacksmith shops, are off duty on account of the furnaces being shut down to day.

Robert Learmouth, the new chief clerk in Superintendent Law's office, is rapidly familiarizing himself with his new duties, and is proving popular in the position.

John Deegan, a blacksmith at the Pittsburg shops, who has wonderful powers as a slight-of-hand performer, frightened Joe Harbor pretty near out of his boots yesterday by pretending to swallow a silver dime.

Judge Cooley, president of the interstate commerce commission, and United States Attorney Baxter hold a conference yesterday in St. Paul, and agreed to move for the indictment of the "Soo" railroad officials for the alleged discrimination in rates.

The Italians who are working on the natural gas trenches live in the old box factory in the eastern part of the city and board themselves. Great crowds of people visit that vicinity in the evening to see their mode of living, which is conducted on the cheap plan.

The Baltimore and Ohio company, which appropriates money annually to the support of the employes' library, will hereafter assess each employe twenty-five cents per annum to support the institution, and all the money that the company contributes will be used in purchasing new books.

It is feared that the Niagara Falls excursions will demoralize rates this year to a greater extent than in any former year. It is alleged that two of the roads which propose to run them are giving twenty to thirty days for persons to return, the tickets to be good on any regular trains for returning.

Ed. Phillips, who is charged with being the father of the twins of the Chicago street colored girl—a sensation written up Saturday by THE SENTINEL'S railroad reporter—was formerly a machinist at the Bass works. The boys say, however, that he has not been employed there for several years.

A car load of Pinkerton men passed through the city yesterday on the Pittsburg road bound for their homes at Chicago. They were returning from the scene of the Homestead steel works strike in Pennsylvania, where they had been on guard duty. Those who saw them said they were a pretty rough looking set of detectives.

The south bound limited express on the Pennsylvania road ran into a shift ing engine at Perryville, Md., last Saturday. Both engines were badly smashed and the trucks of one of the parlor cars were knocked out, the passengers being severely jostled about. The engineers and firemen jumped just before the crash, escaping injury. Travel was delayed about four hours.

A party of nearly three hundred American engineers, on route to the Paris exposition, were royally entertained by their professional brethren of London. The London *Times* paid them a high compliment, and speaking of the modern achievement of engineering skill said: "If England has set the example, America has bettered it. The first victories of modern engineering were for the most part won in the United Kingdom; the application of their results to the multifarious wants and occasions of modern life has been largely due to the ingenuity and enterprise of the United States."

The Pennsylvania company yesterday fixed the rate on corn 20 cents instead of 25, but all lines that expect to keep within the fold of the traffic association must boost wheat back to 25 cents from Chicago to New York. It is expected that the Baltimore & Ohio, which led the cut, will fall into line. "The reason that this distinction is made in favor of corn," said a Pennsylvania freight man, "is that the Baltimore & Ohio gave its customers the tip, and then went out into the corn country and contracted for a large amount of the cereal at 20 cents—stole the business, not to put too fine a point on it. Until they fill that contract the other roads will meet them."

A Good Appetite.

Is essential to good health; but a this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Mrs. THIEME, St. Mary's St., Indianapolis, Ind., says: My little boy was badly afflicted with Salt Rheum, his face badly broken out and a large sore on his head. Your Extract of Red Clover cured him in about three weeks.

The successful physician is the one who knows how to get at the inside facts.

The bonting, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

The history of the various religious and educational organizations which have made this resort so popular, are so well known it will not be our purpose to repeat any portion of it here.
